

LENOVO™ YOGA™ 910

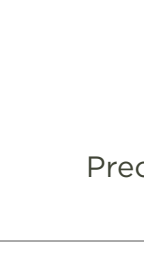

Lenovo

DESIGNED TO TURN HEADS

The Lenovo Yoga 910 is a sleek and powerful laptop that makes a stylish statement about how you work and play. While its all-metal unibody design and ultrathin bezel catch the eye, its fast performance, high-definition 4K display, and immersive sound will inspire your imagination. More than a laptop, the Yoga 910 understands your lifestyle. Turning heads, wherever you go.

With Noise Cancellation

STAND OUT FROM THE CROWD

Whether you're at your desk or on the road, the Yoga 910 is bound to grab attention. From a sleek metallic body to a stunning 4K display—the Yoga 910 is awe-inspiring by design.

All New, All Metal: Premium Unibody Design

We've engineered our latest Yoga laptop with premium metal on every face. You won't be able to resist running your fingers along the smooth edges, where metal runs seamlessly from top to bottom, front to back. Available in Platinum Silver, Champagne Gold, and Gunmetal Grey, with coordinated accessories.

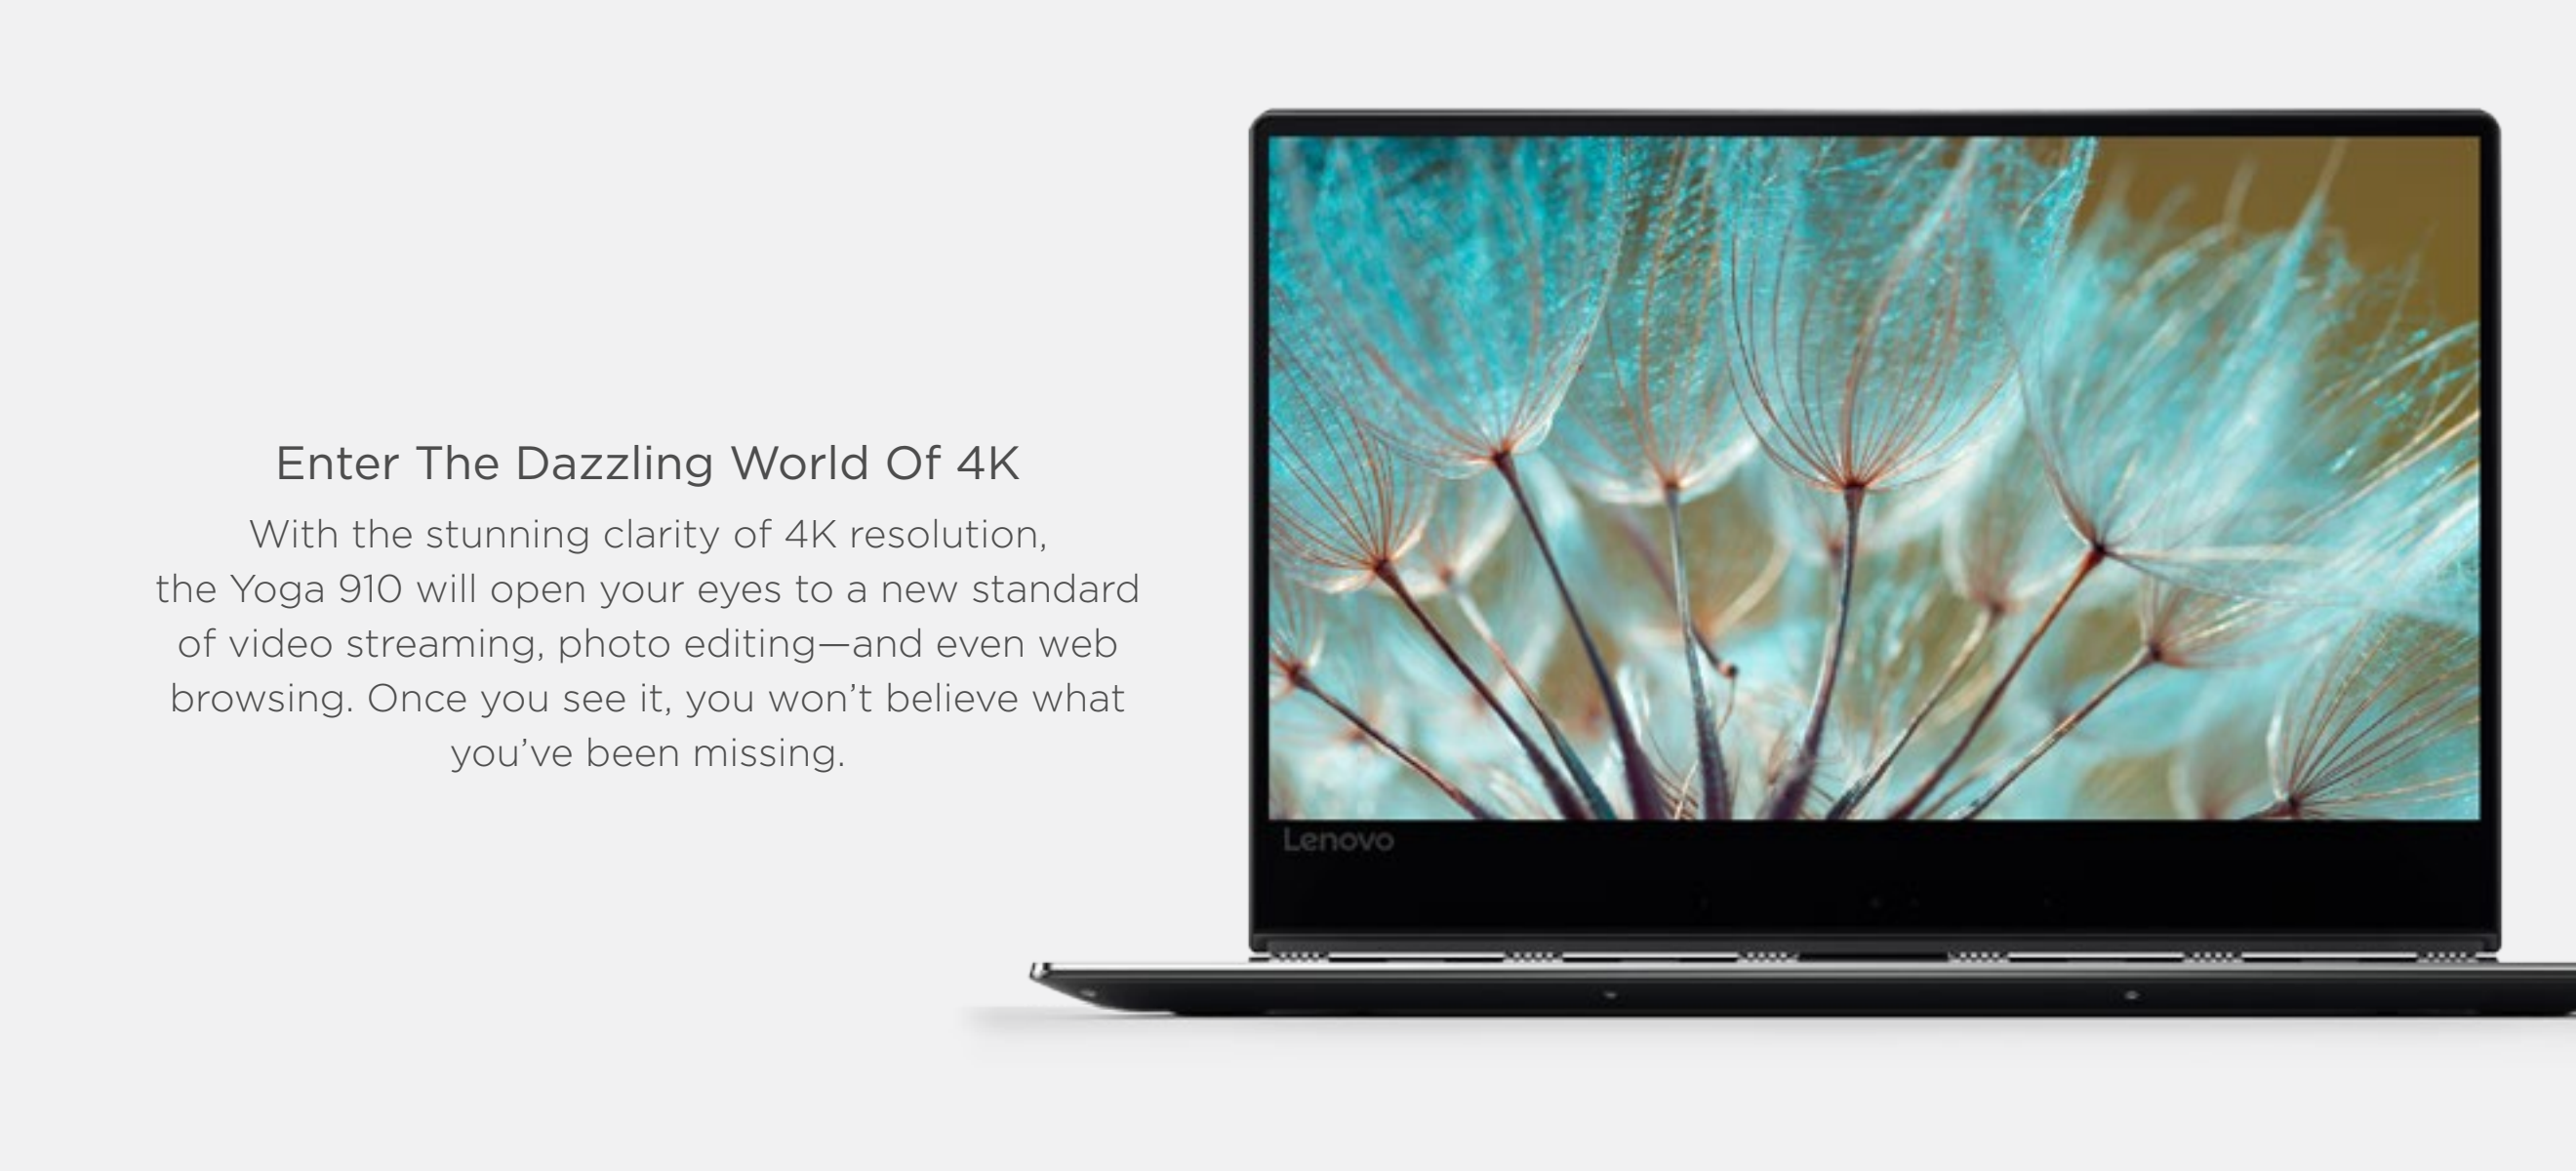

Brilliant Craftsmanship

The expertly-crafted watchband hinge is hand assembled from 813 separate stainless steel pieces to deliver artisan-level detail and quality.

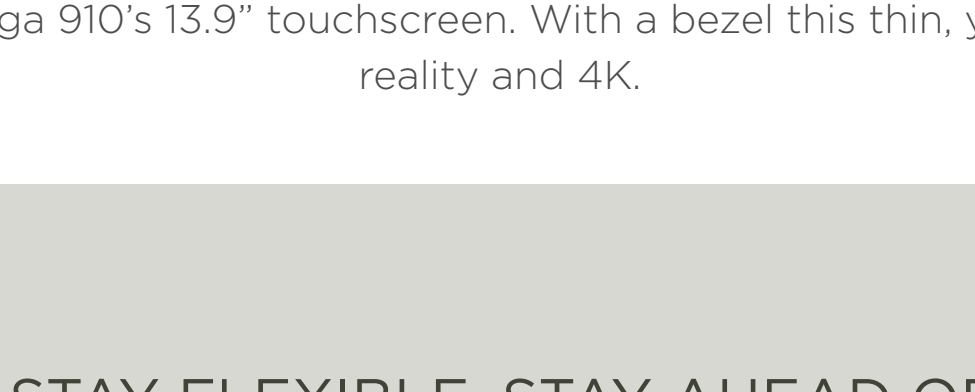

Beautifully Made, Expertly Engineered

The intricate but tough 360 degree hinge design perfectly balances a smooth opening action with enough resistance to provide wobble-free touchscreen usage.

Enter The Dazzling World Of 4K

With the stunning clarity of 4K resolution, the Yoga 910 will open your eyes to a new standard of video streaming, photo editing—and even web browsing. Once you see it, you won't believe what you've been missing.

Razor Thin 5 mm Near Edgeless Display

We've maximized your 4K experience by minimizing the surrounding border. The virtually edgeless 5 mm bezel makes the most of Yoga 910's 13.9" touchscreen. With a bezel this thin, you can blur the line between reality and 4K.

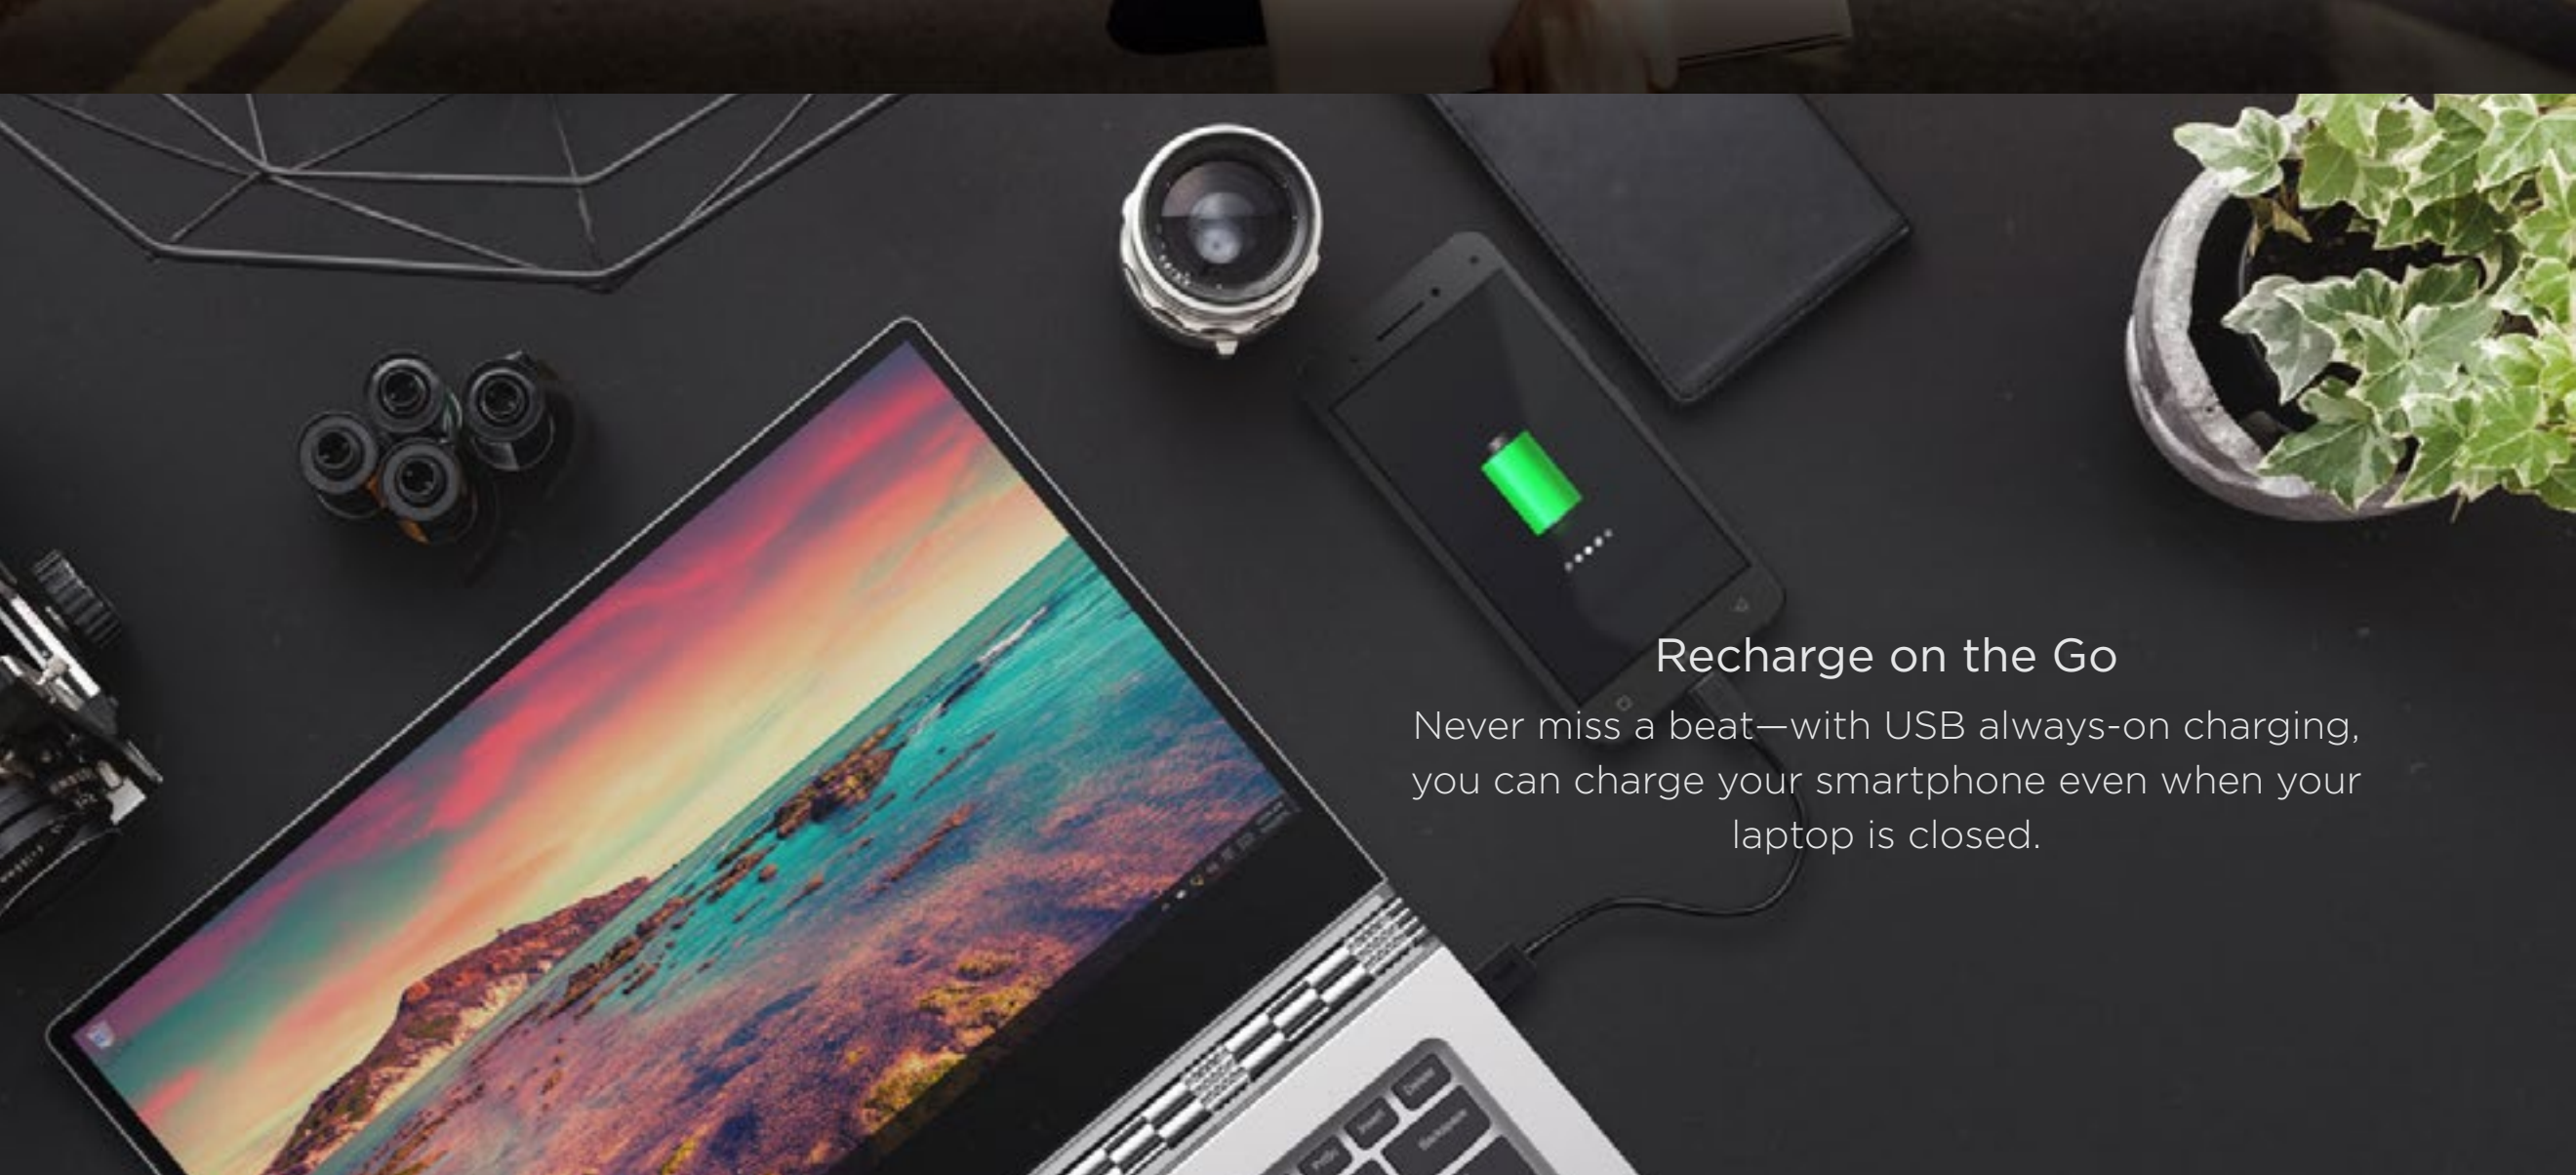

STAY LIGHT, STAY FLEXIBLE, STAY AHEAD OF THE CURVE

The Yoga 910 understands your lifestyle. Thin, light and flexible, there's nowhere this 360 laptop can't go.

Always at Your Side

At just 14.3 mm (0.56") slim, and 1.38 kg (3.04lbs) light, the Yoga 910 is easy to take with you every step of your day.

Stay Moving With All Day Battery

Thanks to up to 15.5 hours of battery life with Full HD or 10.5 hours with UHD, you can enjoy the ability to power through a full day unplugged.

Recharge on the Go

Never miss a beat—with USB always-on charging, you can charge your smartphone even when your laptop is closed.

Keep Things Quick and Secure With our Fingerprint Reader

Swipe the Yoga 910 fingerprint reader for fast and secure login to your PC. This fingerprint reader really does work in a flash... faster than you can type a password. And with the support of Windows Hello, you can use your fingerprint to make secure purchases at participating retailers.

A Trackpad Done Right

Now it's easier than ever to use your computer without a mouse... this precision touchpad is our best yet; the silky-smooth glass surface makes it easy to drag, drop or move objects on screen, and it can be adjusted to respond to the lightest tap or the firmest click.

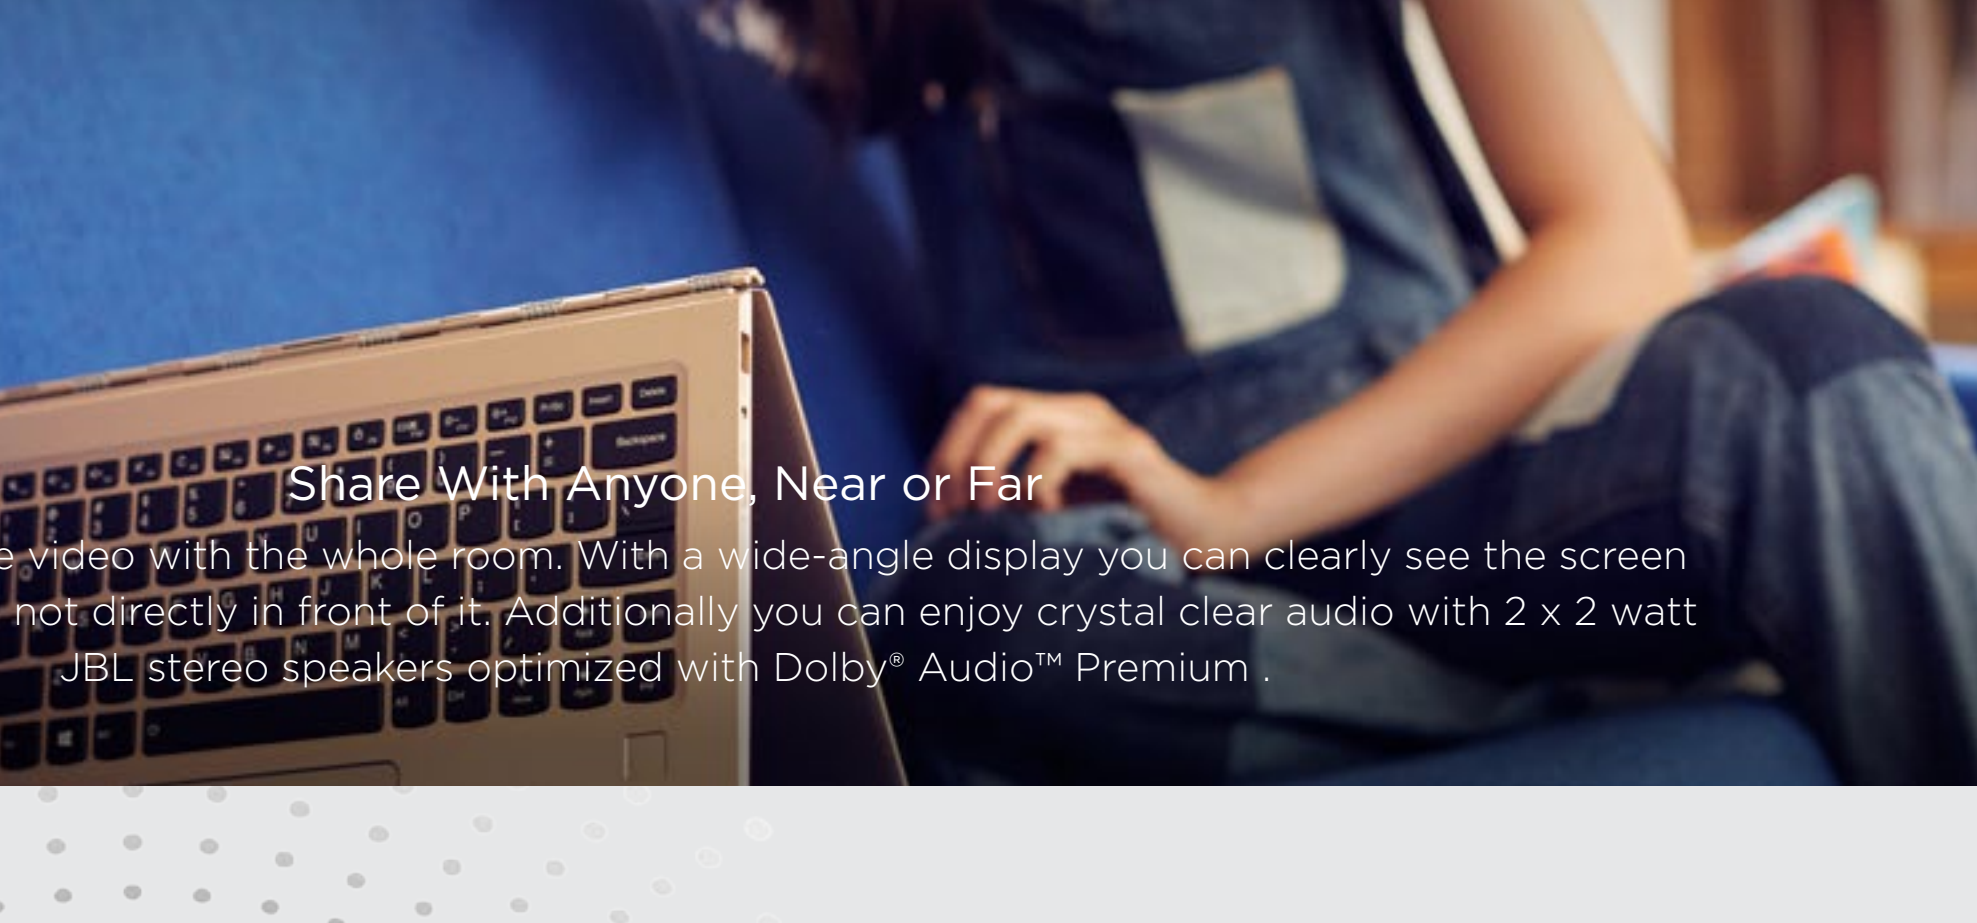

The Latest Intel® Processors

The new standard for PC performance has arrived with Intel® 7th Gen Core™ processors. This blazing fast, feature-packed processors family with built-in security is ready to take your productivity, creativity and 3D gaming to the next level.

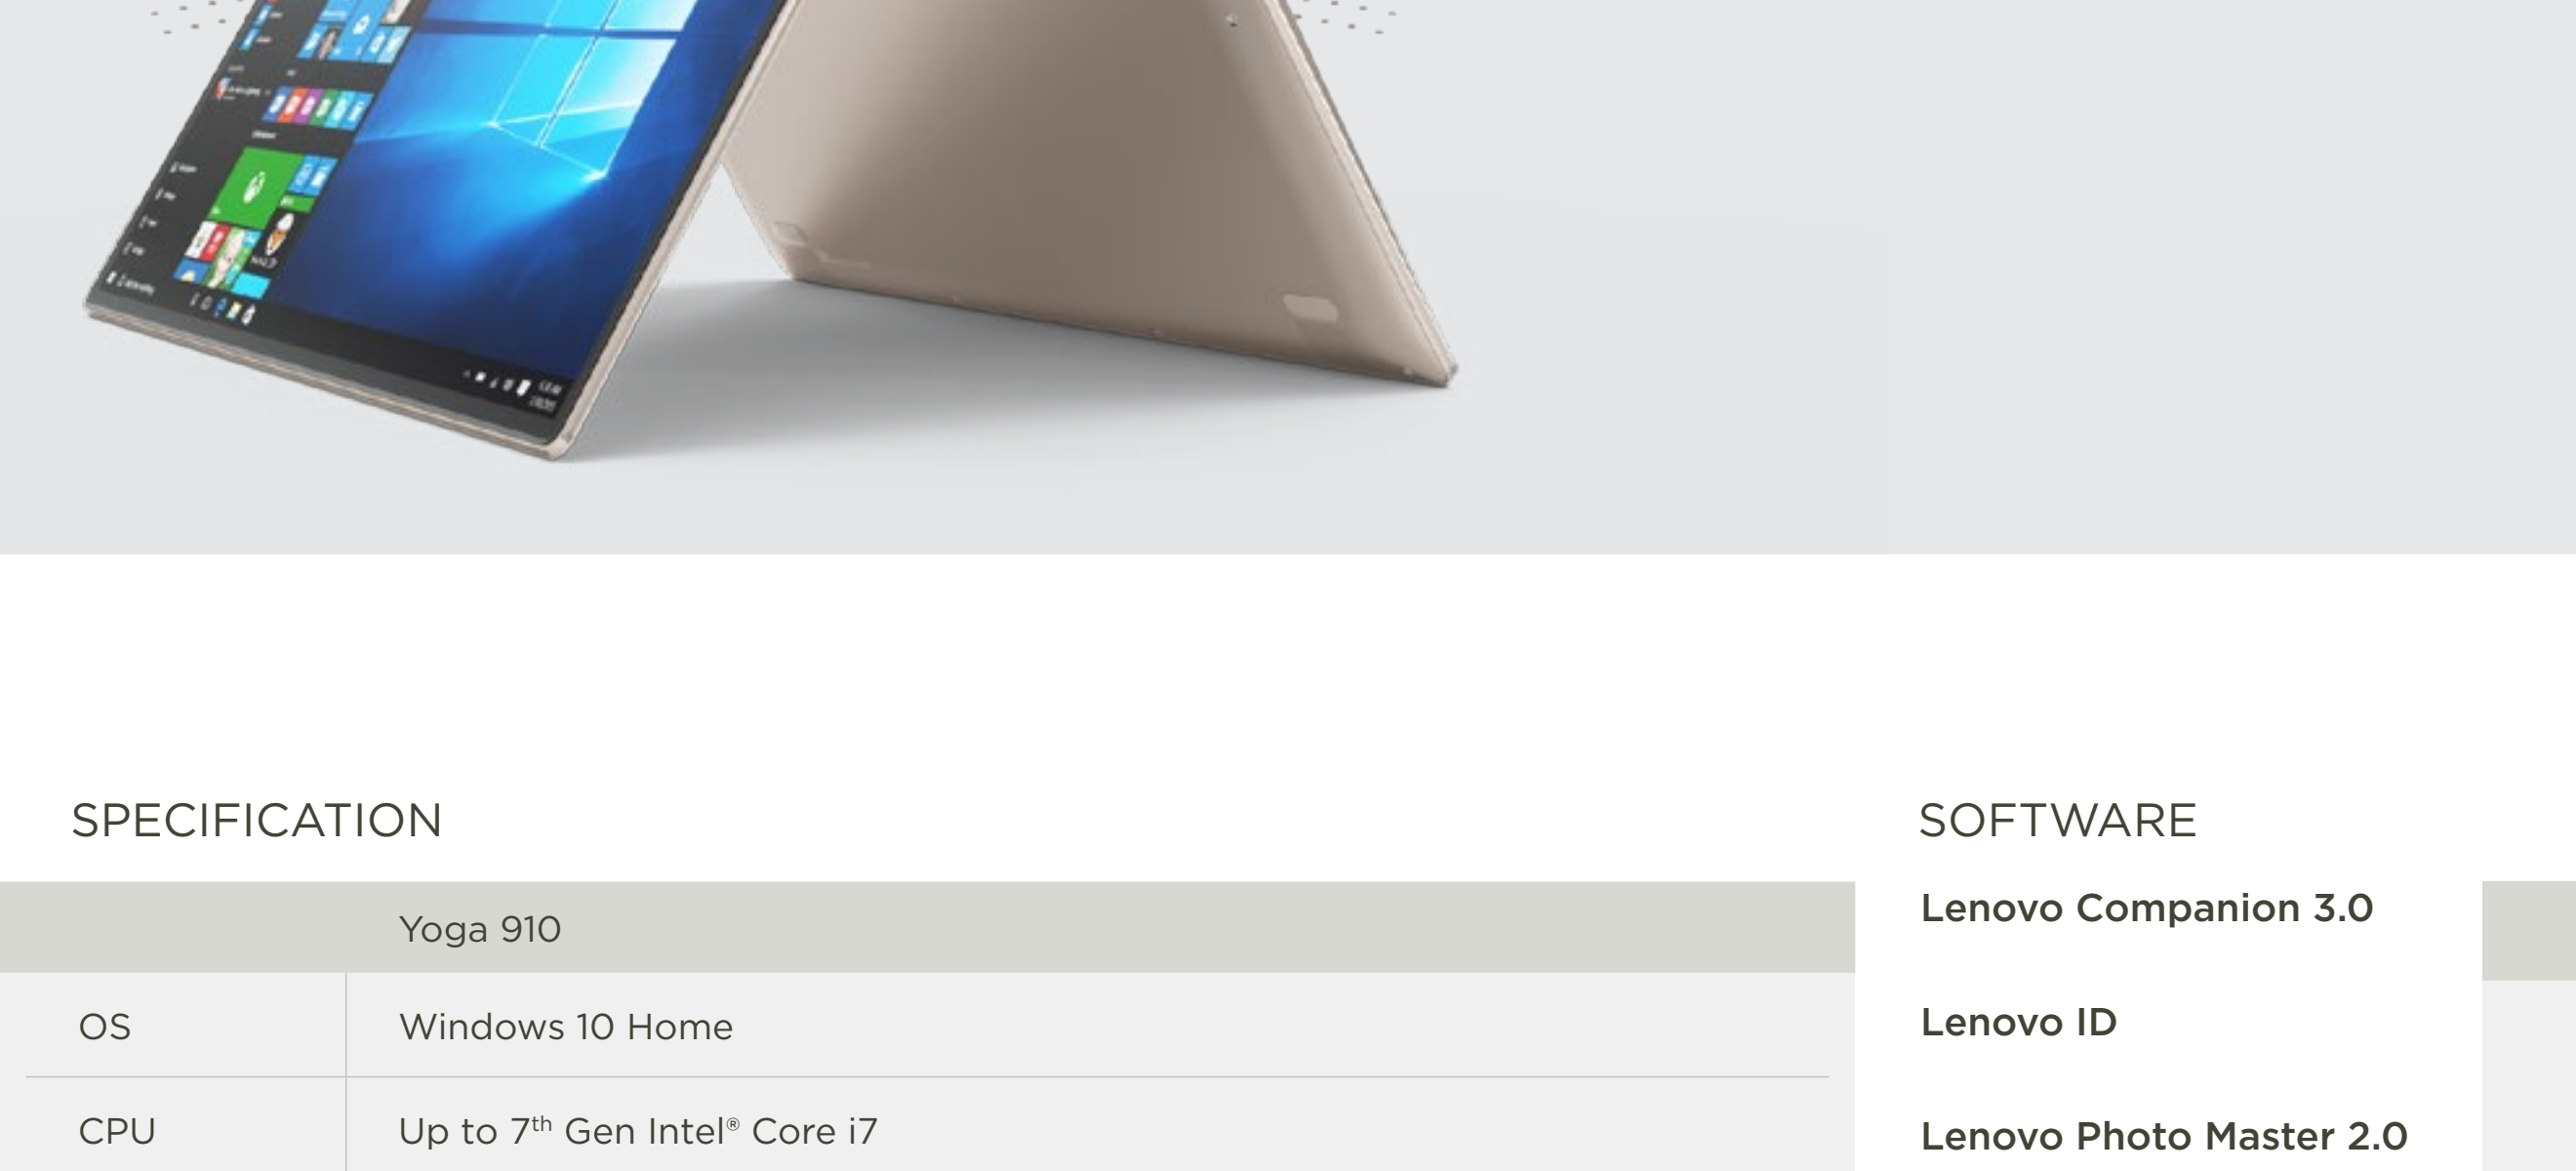

Increase Your Productivity With Windows 10

Combining the best of Windows you already know, Windows 10 has many great improvements you'll love. From fast start-ups to the expanded Start menu, and an all-new browser, to Cortana—your very own digital personal assistant.

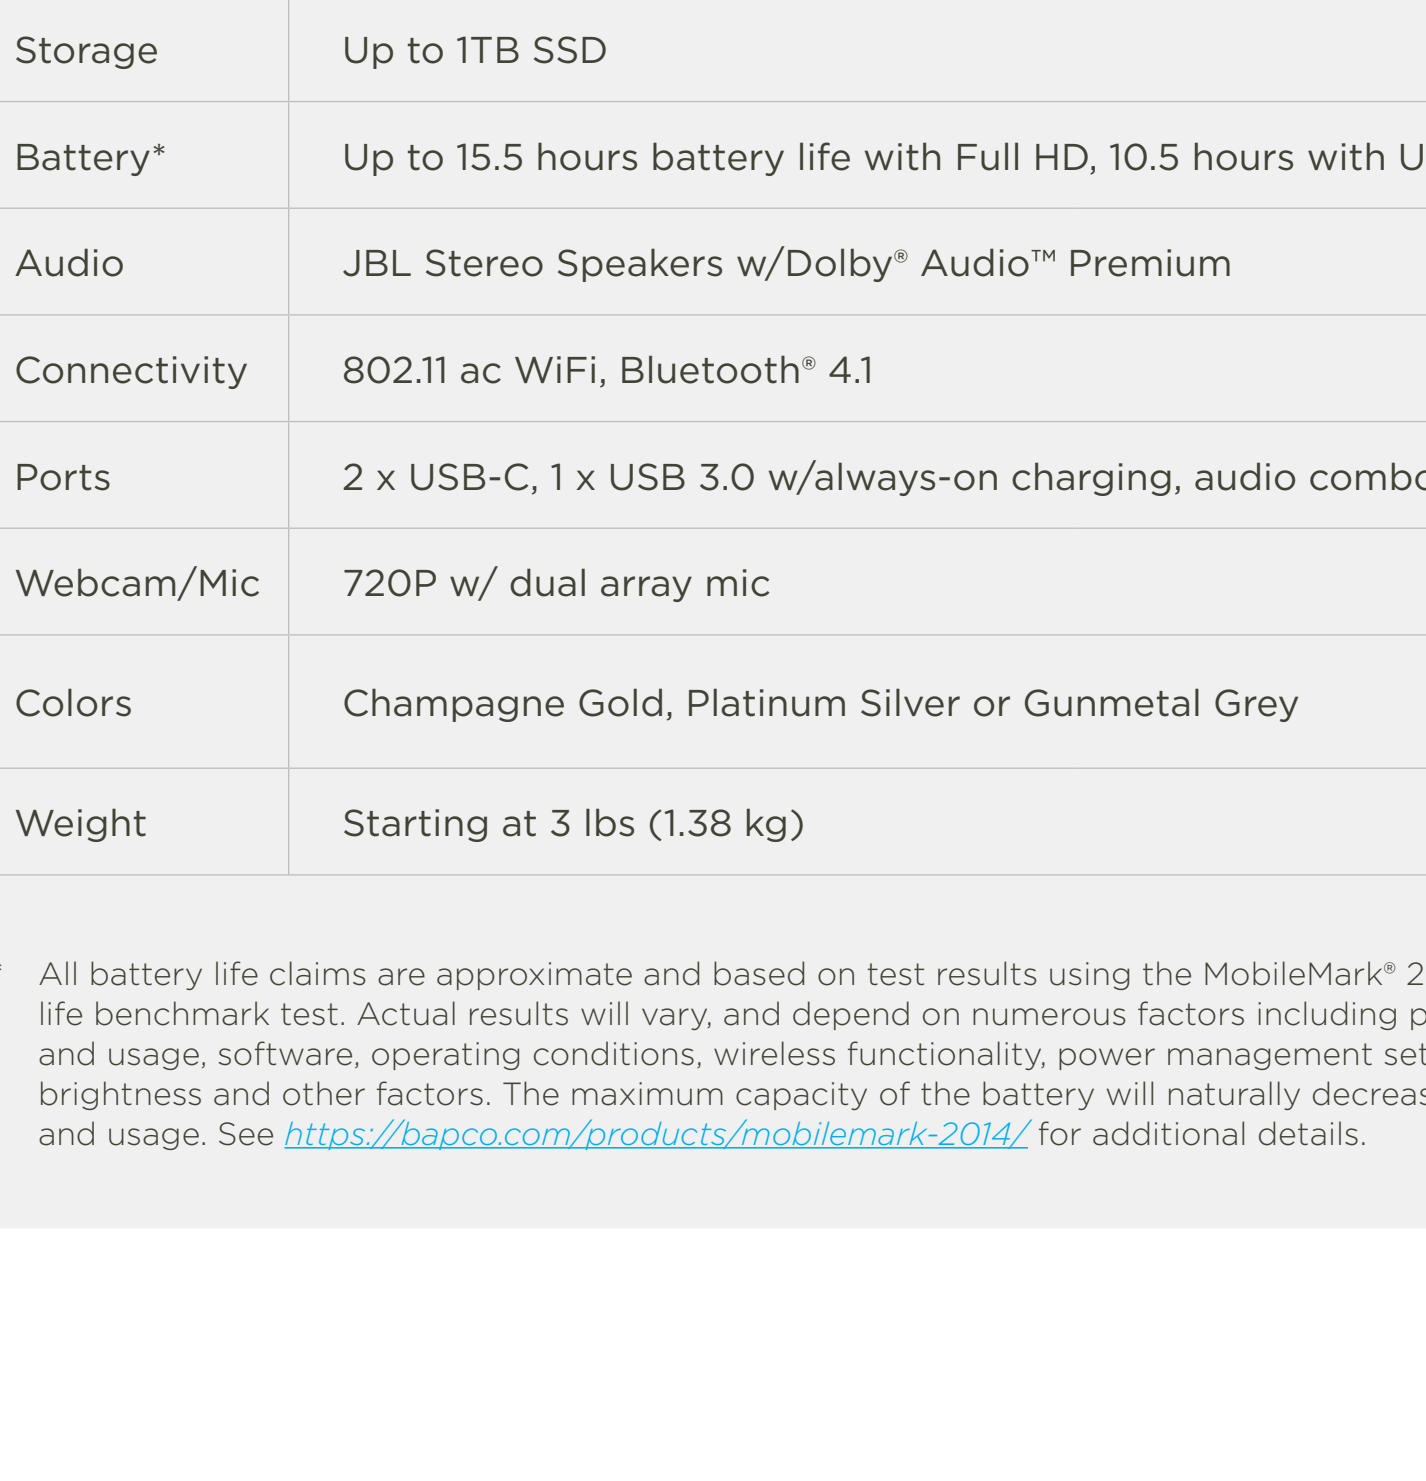

KEEP CONNECTED

From sharing moments on social media, to streaming your favorite shows, to listening to tunes—and more. The Yoga 910 connects you to the things that matter most.

Share With Anyone, Near or Far

Share your favorite video with the world from a wide-angle display you can clearly see the screen even when you are not directly in front of it. Additionally you can enjoy crystal clear audio with 2 x 2 watt JBL Stereo Speakers optimized with Dolby® Audio™ Premium.

Clear as a Bell

Calling home? Yoga's dual array mics with noise cancellation promise crystal clear sound and minimize background noise.
