

Pin Point

Wireless presenter with integrated laser pointer

Make a professional impression – Pin Point from DICOTA helps you guide your audience confidently through any presentation. Thanks to its non-slip surface, the ergonomic presenter is comfortable to hold. Its operating range of 10 meters allows you to take control of the room.

Focus on the content and not on the technology – the intuitive controls make it easy to navigate. The integrated laser pointer allows you to highlight important points. Pin Point is an impressive, easy-to-use pointer. Just plug it in and you are ready to go – the USB receiver will automatically connect to your notebook (no software installation required). The receiver can be stored directly inside the presenter when not in use so you can be sure that you have everything you need for your big performance.
