

CNE-CPBF100

High Capacity Powerbank 10000 mAh

This is a decent portable charger for all big city dwellers who are always on the move. If your smartphone's battery discharges too often and too early, try this powerbank and charge your devices without any access to a power socket. This powerbank has 1000mAh Li-ion battery which may be enough for nearly 3 full charges of an average smartphone. Using 2 USB outputs, you can charge 2 devices at the same time. The level of charge is displayed by 4 LED indicators.
