

Smart & Safe Single-USB Wall Chargers

These handy wall chargers were made in accordance to all modern standards. They have a built-in over voltage protection technology, that prevents from overheating and failure of electronic components while charging. An essential tool for charging gadgets at home, or while traveling.

Smart IC Technology

Built-in smart chip detects a type of charged device and delivers optimal electric current. Fastest charge and economy guaranteed!

Model

CNE-CHA041BS	Black	5291485003296
CNE-CHA042BO	Black	5291485003302
CNE-CHA043WR	White-Rose	5291485003319
CNE-CHA043WS	White-Silver	5291485003326

CNE-CHA041BS

1 USB Output
1m charging cable - USB to Micro USB
Extra charging cable included
Input: 100V-240V
Output: 5V-2100mA
Level 5 energy saving
Smart IC Technology
Over-voltage protection
EU plug

CNE-CHA042BO

1 USB Output
1m charging cable - USB to USB Type C
Input: 100V-240V
Output: 5V-2100mA
Level 5 energy saving
Smart IC Technology
Over-voltage protection
EU plug

CNE-CHA043WS/WR

1 USB Output
1m charging cable - USB to Lightning
Input: 100V-240V
Output: 5V-2100mA
Level 5 energy saving
Smart IC Technology
Over-voltage protection
EU plug
