CNS-HDS09DG

USB Type C Multiport Docking Station 12-in-1

If your laptop is equipped with USB Type C, this universal docking station will improve its connectivity features with 12 built-in ports to the maximum. Using Display Port, HDMI и VGA, you can connect your laptop to two monitors simultaneously. Also, the docking station has built-in 3.5mm audio jack for headphones and a microphone, SD and TF card reader, Ethernet for flawless internet connection and USB Type C for fast charging. This cool gadget will make your workspace look stylish and modern.

Warning: 2 monitors can be simultaneously connected via DP+VGA or DP+HDMI. It's not recommended to combine HDMI+VGA.
