

Epson EB-1751

DATASHEET

Whether travelling on business or simply moving between meeting rooms, this ultra-mobile projector is the ideal choice for effective, stress-free presenting on the move.

The lightweight, slim design of the Epson EB-1751, along with its carry case, makes it effortless to transport. Set-up and shut down is easy with the quick start-up and instant-off functions, you don't have to wait for the projector to warm up or cool down.

Ensure that you always have a straight image, no matter the projector's angle, with Epson's automatic vertical keystone correction and manual horizontal keystone correction which helps align images during set-up.

PC-free connectivity means you can present a slideshow directly from your USB memory stick, helping to cut down on the amount of equipment you need to carry with you.

This projector is enhanced by Epson's 3LCD technology to provide superb quality images. An equally high White and Colour Light Output of up to 2,600 lumens means you can present during the day without having to switch off lights.

KEY FEATURES

- High White and Colour Light Output
- Automatic vertical and manual horizontal keystone correction
- Epson's 3LCD technology
