Designed for Apple

This wireless charger by Canyon was made specifically for Apple iPhone users. It takes up minimal space and provides convenient charging. Built-in rubidium magnets will ensure firm fixation and magnet charging of iPhone 12 with optimized speed. You can easily charge other Qi-compatible mobile devices as well. For the best charging performance, we recommend using the PD18W power adapter. Slim body, high-quality materials and neutral, pleasant texture will delight fans of stylish gadgets. Perfect design for those who enjoy using the Apple ecosystem!
