Wireless charging mouse pad

MP-W5

All mouse types - optimized surface

Anti-slip rubber base

324x244 mm size

Short-circuit protection

Over temperature protection

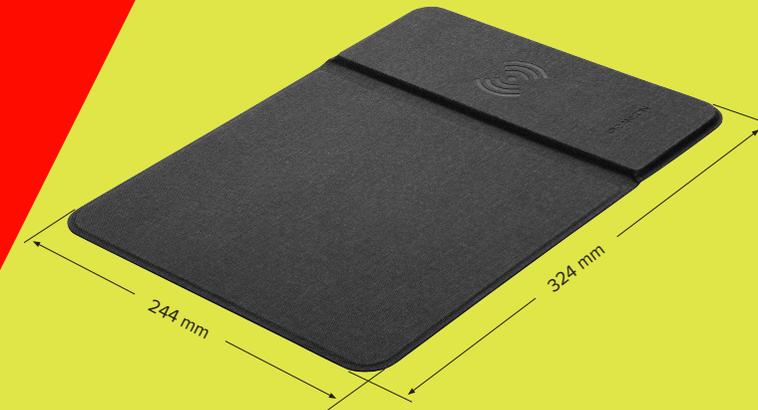

Over voltage/current protection

- 324x244x6 mm size
- Qi standard support
- Works with most Qi-compatible gadgets
- Wireless charging point input: 5V/9V-2A, output 5W / 7,5W / 10W
- Charging efficiency up to 75%
- Surface optimized for all types of mice
- Upper side: PU + Fiberglass, stitched frame

- Bottom side: anti-slip rubber base
- Highly wearproof
- Protection from over-voltage
- Protection from overheating
- Protection from overload
- Short-circuit protection
- Gets charged via 1m Micro USB cable
- Weight: 220G

MODEL

CNS-CMPW5 dark grey 5291485007485

This mat is great for those who want to optimize the use of table space. You can charge almost any gadget that supports Qi wireless charging standard - just place your smartphone, earbuds or a mouse on the right side of the mat. The wear-resistant surface is covered with a special fabric made of polyurethane fibers and special fiberglass, which provides high-precision control over the cursor movement and convenient maneuvering. It is great for all types of mouse sensors, including made for gaming. The rug will not slip on the table due to the anti-slip rubber base. The mousepad is totally safe, as it has multiple levels of protection from overvoltage, overheating, short circuit and overload.
