These Canyon wireless over-ear headphones may be your to-go choice for everyday life. They are packed with Bluetooth 5.1 and audio jack 3,5 mm, so you don't have to worry about compatibility. The inline mic is highly sensitive and provides excellent clarity.

The headphones are foldable – shouldn't take up much space if you need to carry them around. We also made a headband that will last: it is adjustable and reinforced by metal parts. Soft, comfortable cushions cover 40mm speakers, and the exterior is streamlined and feels like quality. Enjoy up to 15 hours of playtime with Canyon BTHS-3!
