

**CNS-HKB2**

Ultra slim  
keyboard with side  
LED lights

This ultra slim wired keyboard with chocolate-like keys and stylish side LED decoration lighting will bring some nice fresh look to your working table. The keys are firm and pleasant to touch, while their sound is smooth and not annoying. On the upper side of the keyboard, there are 8 multimedia hot keys which help you to quickly control a browser, a media player, sounds and a calculator.
