

## ADVANCED DETAILS IN ANY SITUATION

With the new RoadRunner 535W you will receive all the much-loved functions of Prestigio DVRs (motion detection, cyclic recording, G-sensor, etc.) but with modern and useful bonuses. 2K video quality will guarantee high quality content, while Wi-Fi connectivity helps to manage your DVR right from your smartphone!

- **2K HD VIDEO:** The Roadrunner 535W records in 2K HD definition, providing detailed content which will help you to easily prove your innocence if an accident occurs.
- **BUILT-IN WI-FI:** Pair your Prestigio RoadRunner with your smartphone via Wi-Fi and increase its possibilities: view, download or delete recorded images and video, update driving information.
- **WIDE VIEWING ANGLE:** 140° wide viewing angle provides an extensive road overview.
- **NICE-TO-HAVE:** Motion detection to economize the storage and a G-sensor detects and protects the accident file from cyclic rewriting.
- **CAPTURE DETAILS:** Prestigio added HDR mode and 12 MP camera to provide you with perfect picture in any light conditions.
- **DUAL USB PORT CHARGER:** The "CUBE" is available with a dual USB car charger. Charge your CUBE DVR with a smartphone or navigator simultaneously.

<b>Display</b>	2.0", Resolution: 960x240 px
<b>Resolution</b>	Video: 2560x1440 30fps, Photo: 12 MP
<b>Image Sensor</b>	4 MP CMOS, 1/3"
<b>Lens</b>	6-Layer lens, Viewing Angle: 140°
<b>Format</b>	Video: AVI(MJPEG Codec), Photo: JPG
<b>Memory</b>	1 GB up to 64 GB (SDHC, MicroSD, class 10)
<b>Other features</b>	Motion Detection, G-sensor, Cyclic recording, WiFi
