

# Introducing Calisto 7200

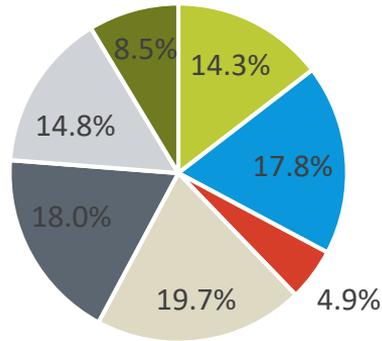

The speakerphone for small group  
conference rooms — and big expectations

[Insert presenter's name]  
Spring 2018

# IT is investing in conference space

## Conference room investment plans

- Yes, happening now or completed
- Evaluating
- No plans-Evalued and rejected
- No plans-Have not evaluated
- Planning for 2018
- Planning for 2019
- Unsure

67% of IT leaders in the Nemertes 2018 study are evaluating now or planning for this year or next year to invest in meeting rooms. Even in today's open-office environments, the need for smaller conference rooms is increasing.

# Reasons to choose Calisto 7200

Designed specifically for smaller collaborative work spaces

- Professional audio performance powered by Polycom
- Intuitive plug-and-play connectivity for both PCs and mobile phones
- Provides IT management and insights with Plantronics Manager Pro, a subscription-based Software-as-a-Service sold separately

# Key features for successful conferencing

## Four directional microphones

Pick up voices from anywhere in the room

## Bluetooth® connectivity

Dedicated button makes wireless-pairing simple

## Call controls

Answer/end calls, adjust volume, with one touch

## 6.5 hour battery talk time

Run all day without recharging

## Bluetooth® clearing function

Remove previously paired devices

## USB cable with locking mechanism

Ensure speaker phone remains stationary

# Big sound for small spaces

Experience consistently clear,  
distortion-free audio

- 360° pickup ensures consistent voice quality from anywhere in the room
- Echo cancellation and wideband audio make conversations sound natural
- Meets new Group Mode specs for best-in-class audio

## Easy to use

Be ready for collaboration anytime

- Intuitive, touch-sensitive controls make it easy to manage calls
- With connectivity via USB or Bluetooth®, you're always ready for conferencing
- Remove previously paired Bluetooth devices using the Bluetooth clearing function

# Seamless management

## Peace of mind for IT

- Locking mechanism on USB cable protects against theft and damage
- Plantronics Manager Pro\* simplifies management for IT:
  - Track devices and control inventory company-wide
  - Update firmware remotely
  - Pre-configure and lock in settings to ensure consistent audio across all devices

\* Software-as-a-Service sold separately
