## WIRELESS QUICK CHARGING MOUSE PAD

**CND-CMPW7**

5291485005870

A novelty for those who love spectacular and functional gadgets! This mouse pad is capable of charging almost any Qi-compatible gadget three times faster than a regular charger. It selects an appropriate amperage to make charging not only fast, but also safe. Besides, the mat is protected against overvoltage, overheating, short circuit and overload. The surface designed for gaming mice is covered with a special Superfiber fabric, which provides high-precision control over cursor movement and convenient maneuvering. It is great for all types of gaming mouse sensors. The rug will not slip on the table due to the anti-slip rubber base. 7 modes of RGB backlight and a spectacular theme print will create an unusual gaming experience and turn the gaming gadget into a nice table decoration. To charge the necessary gadget, for example, a Canyon wireless mouse, you just need to leave it on the right side of the mat. Great replenishment of your gaming collection!
