portabledrive

For a stylish digital life on the go

portabledrive

Stylish, small and so simple to use

Portability + Reliability + Style

PortableDrive — Portability + Reliability + Style for everyone!

Choose a colour that fits your mood or personal style - Red Wine, Blue Dusk or Carbon Fibre. There is a style, colour and capacity for everyone all backed by Hitachi local backup for complete, unbeatable protection.

Looking for a reliable drive that has something more? PortableDrive has it! Our Carbon Fibre drive is sleek black and glossy and like all PortableDrives features cool underside lighting that lets you know everything is OK. Our Red Wine and Blue Dusk PortableDrives are velvety smooth to the touch and have easy grip sides. Just plug one in and inside you'll find smart ways to protect and manage all your precious stuff.

All of our PortableDrives are made by Hitachi and use the same reliable Hitachi drives you have come to trust. And best of all, each PortableDrive powers itself off its USB 2.0 cable (no external power supply needed).
