The shape of this mouse's housing ensures comfort and minimal fatigue during right-hand use. The optical sensor with 1000 dpi is optimal for office work, study, and Internet browsing. The durable, rubberized coating is pleasant to the touch. The bottom of the mouse is optimized for easy gliding on almost any surface. Buttons that can handle up to 3 million clicks ensure a long mouse life. The Canyon is committed to the environment - the product's eco-friendly packaging is plastic-free. Quality and convenience without compromise!
