## KEY FEATURES

- **ADJUSTABLE LIGHTING:** User can remotely switch the light on and off, adjust brightness and fine tune colour. With Prestigio Smart LED Light you can program your light to automatically respond to sunset/sunrise, dim it to watch a movie, or turn it off after you leave home-all from your mobile device
- **CONTROLLABLE WHITE COLOR TEMPERATURE:** For white light, you can smoothly control the colour temperature from Warm to Cold, according to your home interior, time and mood
- **FUN FUNCTION:** Enjoy Rhythm mode, when the lights flash according to the rhythm of the music you are listening, or Timer function to turn the light on/off by the schedule defined by you
- **GROUP CONTROL:** Arrange bulbs into groups for simultaneous control of several lights within the same lighting device or room
- **STANDALONE OR SYSTEM USAGE:** The bulb can be connected directly to a smartphone or tablet via Bluetooth 4.0. Low Energy to be controlled with a simple application. Also can be connected to a Smart Home Center core device to work together with other devices in an integrated Smart Home system
- **EASY TO USE:** Just secure into a lighting device instead of a regular bulb to obtain wireless control functionality
- **ENERGY SAVING:** Only 9W power consumption in maximum brightness mode, with luminous flux exceeding the one of 60 W incandescent bulb. Standby mode power consumption limited to less than 0.5 W
- **SECURE CONNECTION:** Wireless control can be protected with PIN code, which can be set individually by user

## TECHNICAL SPECIFICATION

External Colour	White
Base Type	E27
Power Consumption	9 W $\pm$ 10%
Input Voltage	AC 100~240V, 50~60 Hz
Energy Star Class	A+
LED Set	Dual White + RGB
White Light Brightness (Luminous Flux)	800 $\pm$ 10 lm
White Colour Temperature	Adjustable, 3000-6000K
Colour Rendering Index (CRI)	80
Beam Angle	120°
Functions	Colour Change, Dimming (Brightness Change), White Colour Temperature Adjustment
Lifespan	30,000 hrs
Wireless Interface	Bluetooth 4.0 Low Energy
Connection Range	15 m
Operating System Support	Android 4.3 and above, iOS 6.0 and above
Ingress Protection (IP)	IP22
Dimension (Ø x H)	65 x 122 mm
Weight	215 g
Included	Quick Start Guide, Legal&Safety Notices, Warranty card

PRESTIGIO  
SMART HOME

This product can be used as a part of Prestigio Smart Home system, if connected to Prestigio Smart Home Center device. System usage allows you to control the product from outside the location via 3G/4G cellular networks, or distant Wi-Fi hotspots through Prestigio Account security gateway. Also Prestigio Smart Home allows you to set home automation scenarios based on interoperability of various devices and sensors.
