

Lenovo™ ThinkCentre® X1 All-in-One

BEAUTIFULLY DESIGNED. AMAZINGLY PRODUCTIVE.

With an ultraslim 11 mm chassis, the ThinkCentre® X1 is born for the showroom. But don't be fooled by its supermodel exterior. Delivering the performance of a desktop, with 6th Generation Intel® vPro™ processors, DDR4 technology and rock-solid data security features, the ThinkCentre® X1 is ready for work. What's more, the solution, with its brilliant 23.8" anti-glare display, has passed some of the most demanding US military-specification tests. Delivering powerful productivity, the X1 is as tough as it is beautiful.

WHY YOU SHOULD BUY THE LENOVO™ THINKCENTRE® X1 ALL-IN-ONE

Slimmer than a notebook

Crafted from precision-milled aluminum to achieve the perfect combination of thinness, lightness, strength and thermal balance, while giving you a statement piece to make the perfect impression.

A crisp display. From any angle

Unique anti-glare technology prevents glare and reduces eye strain while providing you with a vibrant, clear screen that will bring your presentations, images and videos to life.

Ready to connect

With noise-cancelling technology, the dual array microphones reduce background noise and enhance speech. Features Skype™ for Business Certification, Dolby® Audio and a privacy camera lock.

Built to last

The X1 All-in-One is beautiful yet tough, having been tested to US MIL-SPEC. You'd never know it was tested under 2 kg of dust for 8 hours straight unless we told you.
