HP Authorized Partner List

HP maintains a Selective Distribution Network for the distribution and reselling of HP products and services in the European Economic Area, Switzerland and United Kingdom (the "Territory").

As a result, all HP authorized partners must meet certain technical or professional standards ("Selective Distribution Criteria") to ensure that HP products and services are properly marketed, ensuring an optional customer experience ("HP Authorized Partners").

In a selective distribution network, partners are authorized to purchase from and resell to other authorized partners, as well as to sell to end customers. In particular, for HP branded ink and toner cartridges and printing hardware products, HP Authorized Partners are required to only purchase from or sell to other listed HP Authorized Partners in the Territory.

Interested in becoming a listed HP Authorized Partner? HP welcomes you to register below.
